

Junior church

Children and young people are welcome to St Botolph's Church – we provide activities in our main worship space as we gather together as a whole family every Sunday. But, we're growing...once a month we welcome our primary age children to St Bot's Junior Church, a group that runs during our 10:30am service. Children are led by an experienced, safe team to explore faith through an assortment of fun-filled games, stories and activities. We'd love to welcome new families and there's no need to book a space; just come along and give it a try.
